

ALTISPACE

INSTALLATION GUIDE

Currently, installation guides are created per request on a project basis. Contact us for your installation guide by calling 226-636-5965 or email us at info@altispace.com and we will get back to you as soon as possible.

See below for our Unistrut Installation Guide.

UNISTRUT

INSTALLATION GUIDE

STEP 1

Review instruction manual and ceiling layout.

STEP 2

Layout and install fasteners in ceiling to support Unistrut suspension system.

- Contractor is responsible to ensure sufficient hanging points are provided to support Unistrut suspension system.
- Altispace is not responsible if contractor provides insufficient support to hang the system, please direct any questions as to product weight and any other technical advice to our team. Contact us at 226-636-5965 or email us at info@altispace.com
- Contractor is responsible for supply of materials and installation from the Unistrut to the ceiling deck.

STEP 3

Hang unistrut system from contractor supplied suspension points, join unistrut with hardware supplied as per images.

STEP 4

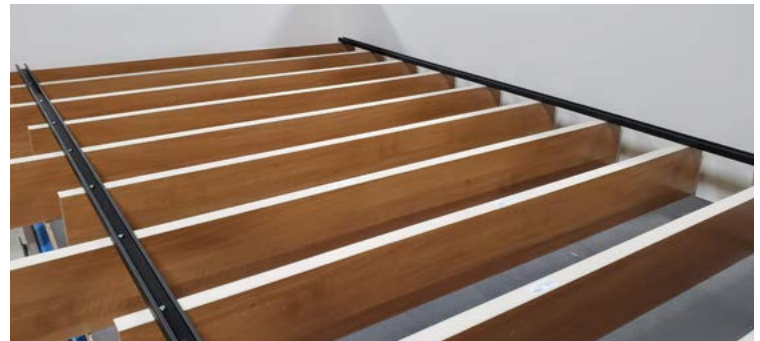

Level Unistrut system across entire plane of ceiling layout.

UNISTRUT

INSTALLATION GUIDE

STEP 5

As per the ceiling layout provided, layout every beam based on the supplied label corresponding with part number and locaton.

STEP 6

- Insert a bolt through the pre-drilled holes in the Unistrut into the threaded inserts on the tops of the beams.
- Tighten bolts snugly, be careful not to overtighten.
