

These horizontal beams add new dimensions to your cloud space with a lightweight and stylish design that are simple to install

#### **FEATURES**

Our beams are simple to specify and simple to install. Available in 72 standard sizes and 21 standard color options, you can create the perfect solution for your project.

If you have a specific size or color request, customize it! Use our product selector on our website to tell us what color or size you are looking for, and we can help you make your own beams.

- Made with lightweight panel technology
- Made using eco-friendly materials and processes
- Customize your beam with your chosen laminate or veneer
- Easy to install
- Fire rating information available upon request
- Aircraft Cable Suspension hardware is included
- Class A Fire Rating, ASTM E-84 test and CAN/ULC-102
